- What went well: is the first problem we both understood in very well.
- The rate of Chinese is still a bit fuzzy for us.

Draw a picture how you feel when you are doing a mathematics task.

(Task 4)

Draw a picture how you feel when you are walking to mathematics class.
Draw a picture how you feel when you are doing a mathematics task.

When in math class, I feel ready to learn and more confident to ask for help.

Draw a picture how you feel when you are doing a mathematics task.

Sad Crying
